**SENATE MEMORIAL 55**

**46TH LEGISLATURE - STATE OF NEW MEXICO - FIRST SESSION, 2003**

**INTRODUCED BY**

Richard C. Martinez

**A MEMORIAL**

**REQUESTING THE GOVERNOR, THE NEW MEXICO CONGRESSIONAL DELEGATION, THE STATE GAME COMMISSION AND THE VALLES CALDERA NATIONAL PRESERVE TO WORK WITH THE UNITED STATES FOREST SERVICE IN ASSURING SCIENCE-BASED DECISION-MAKING AND PROTECTION OF LOCAL CUSTOM, CULTURE AND ECONOMY.**

**WHEREAS, livestock production in the forests of northern New Mexico and elsewhere in the state has been a part of the customs, culture and economy for more than four hundred years; and**

**WHEREAS, drought has been a regular part of environmental cycles over that time; and**

**WHEREAS, livestock numbers in New Mexico forests have been declining since the early 1900s, largely at the direction of the United States forest service; and**

[bracketed material] = delete

1           WHEREAS, elk numbers have been increasing exponentially  
2 since their introduction during the last century; and

3           WHEREAS, forest health has been steadily declining for  
4 decades, leading to negative impacts on the customs, culture  
5 and economy of northern New Mexico and across the state; and

6           WHEREAS, there has been a lack of coordinated management  
7 of elk populations in the forests of northern New Mexico,  
8 including the Valles Caldera national preserve; and

9           WHEREAS, this lack of management has resulted in harm to  
10 both the forests and livestock-producing families in the  
11 region; and

12           WHEREAS, the current drought has compounded all these  
13 negative impacts; and

14           WHEREAS, it is only the livestock producers, their  
15 families and their local economies that are paying the  
16 consequences of the lack of management of forest health and elk  
17 populations, as well as the drought;

18           NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE  
19 OF NEW MEXICO that the governor and the New Mexico  
20 congressional delegation be requested to work with the United  
21 States forest service to ensure that only sound, peer-reviewed  
22 science be used in decision-making processes; and

23           BE IT FURTHER RESOLVED that the governor and the New  
24 Mexico congressional delegation work with the United States  
25 forest service to ensure that the customs, culture and economic

1 viability of the local communities of northern New Mexico and  
2 across the state are not harmed by actions of the agency; and

3 BE IT FURTHER RESOLVED that the United States forest  
4 service work cooperatively with the state game commission, the  
5 department of game and fish and the Valles Caldera national  
6 preserve to ensure that elk populations do not displace local  
7 families and local economies; and

8 BE IT FURTHER RESOLVED that copies of this memorial be  
9 transmitted to the United States forest service, the New Mexico  
10 congressional delegation, the governor and the department of  
11 game and fish.
